

Dear Friends,

The word Stewardship or Steward is used 80 times in the New Testament. A Steward is one who manages one's own gifts or the gifts of others. The Parish Leadership offers an account of how the gifts of many have been used in serving the people of God.

We offer thanks to God for the parishioners who have given generously, for those who have sacrificed to continue their giving, and for those over time who have been touched by the Spirit with the need to support the mission of the Gospel at St Patrick. Each Sunday is a very humbling experience for me as parishioners come forth to place their gifts in the offertory basket at our altar. Those who give financially online, mail in their gift, or give at the offertory time are powerful witnesses of discipleship. Our prayers and service matter to God as well. For parishioners who place their prayer requests or the names they are praying for and the acts of service they have done or will do are being good stewards. To see so many come forward each Sunday is inspiring and encouraging.

Being a good steward is important for the Parish Leadership as well. This is why we share this annual report with the entire parish. Our Parish Finance Council, parishioners who serve on that council, offer important advice and guidance to our financial situation. The Council along with parish leadership are open to questions or comments from the parish community. I hope this information we are sharing will show how serious we take the call to be good stewards of your gifts.

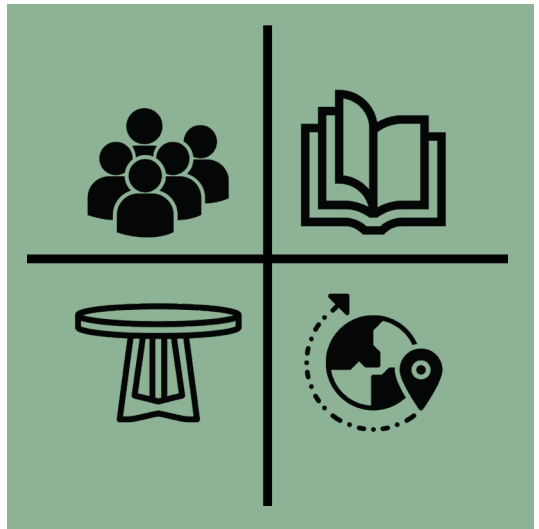

I invite parishioners who have not yet made a commitment to give consistently or to simply give, please know we want to serve everyone and your response of generosity is what Christian Disciples in Mission are known for.

I thank God for our leaders and for our parish family members and all they have done this past year. May the Lord bless the work of our hands as we move forward in the new fiscal year.

Peace in Christ,

Fr. Eric

BEYOND OUR DOORS...

We are one Catholic Community, and thanks to your stewardship, St. Patrick has opened the doors of the House of Mercy to Cancer Support Communities of AZ and more.

(July 1, 2021 - June 30, 2022)

Did you know? For us at St. Patrick Catholic Community, "Stewardship" is more than a word, it is a way of life. It is also one of the five pillars of our parish. Stewardship is lived through the action of Giving, the action of Praying, and the action of Serving. Together, we call these "GPS." Just as an electronic GPS helps people navigate a journey toward a destination, Stewardship GPS guides our community along the journey of knowing, loving and serving God more. Stewardship is rooted in gratitude. It is a way of living one's life, based in one's sense of radical gratitude to God, creator of all things. Out of the desire to demonstrate our thankfulness to God, we reach out in caring and love to share the gifts we have been given with others. **Thank you for your commitment to Stewardship GPS!**
